			96.8% PRECISION

FINDINGS & RECOMMENDATIONS

What to pay attention to

- WARNING** ID4625-failed login with denied access due to account restriction.evtx: misclassified (expected malicious)

misclassified (expected malicious). Expected malicious but classified otherwise.

Affected ID4625-failed login with denied access due to account restriction.evtx
- WARNING** ID33205-SQL Server member added to database role.evtx: misclassified (expected malicious)

misclassified (expected malicious). Expected malicious but classified otherwise.

Affected ID33205-SQL Server member added to database role.evtx
- WARNING** ID13-RDP shadow session configuration enabled (registry).evtx: misclassified (expected malicious)

misclassified (expected malicious). Expected malicious but classified otherwise.

Affected ID13-RDP shadow session configuration enabled (registry).evtx
- WARNING** ID4723-5145-password reset with changeNTLM (Mimikatz).evtx: misclassified (expected malicious)

misclassified (expected malicious). Expected malicious but classified otherwise.

Affected ID4723-5145-password reset with changeNTLM (Mimikatz).evtx
- WARNING** ID6004-DNS-server-failed zone transfer.evtx: misclassified (expected malicious)

misclassified (expected malicious). Expected malicious but classified otherwise.

Affected ID6004-DNS-server-failed zone transfer.evtx

INFO 1 file(s) took >3x average response time

Average response time was 11.4s. These files may benefit from content trimming or a higher timeout.

Affected ID 768,775,793,796,817,840-BitLocker encryption activated.evtx
